China [Internet of Things \(IoT\) Market](#)

Description

WiseGuyReports.Com adds Internet of Things (IoT) Market in China 2015-2019 "Research To Its Database.

IoT is the interconnection of devices with unique identifiers that have the ability to transfer data without human interaction. IoT is implemented by connecting various devices with each other as well as with communication devices of end-users. Sensor technology and wireless communication are some of the technologies used to implement IoT. It has evolved from the convergence of wireless technologies, micro-electromechanical systems, and the Internet. The major components of IoT include RFID, wireless sensor network, addressing schemes, data storage and analytics, and visualization elements. IoT facilitates efficient monitoring and management of numerous devices. The adoption of IoT is expected to grow significantly over the coming years as a result of the growing availability of Wi-Fi and LTE wireless connectivity.

Covered in this Report

This report covers the present scenario and the growth prospects of the IoT market in China for the period 2015–2019. To calculate the market size, the report considers revenue generated from the sales of various IoT elements such as:

- RFID
- Sensors
- NFC
- Others including gateways, networking components, SCADA, cloud services, and CEP

The market is highly fragmented with the presence of a large number of small and large vendors. Therefore, the report does not provide the market shares of the vendors; it merely lists the key vendors in the market. In addition, the report discusses the major drivers that influence the growth of the IoT market in China. It also outlines the challenges faced by the vendors and the market at large, as well as the key trends that are emerging in the market.

The report only provides the number of connected devices in use and their forecast. However, the report does not include the revenue from the sale of connected devices.

Key Vendors

- Cisco Systems
- Honeywell International
- HP
- Huawei Technologies (Huawei Investment and Holding)

Other Prominent Vendors

- Alcatel-Lucent
- Amdocs
- Broadcom
- China Mobile
- China Telecom
- China Unicom
- EMC
- Ericsson
- IBM
- Intel
- Newland Group
- Nokia Siemens Networks
- Zebra Technologies

Market Driver

- Growing Hub for Manufacturing Sector
- For a full, detailed list, view our report

Market Challenge

- Improper Infrastructure
- For a full, detailed list, view our report

Market Trend

- Growing Mobile Network Infrastructure
- For a full, detailed list, view our report

Key Questions Answered in this Report

- What will the market size be in 2019 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

Table of Contents -Major Key Points

Executive Summary

List of Abbreviations

Scope of the Report

03.1 Market Overview

03.2 Product Offerings

Market Research Methodology

04.1 Market Research Process

04.2 Research Methodology

Introduction

China Overview

06.1 Internet in China

06.2 Government Regulations to Promote IoT in China

06.3 12th Five Year Plan for IoT in China

06.4 IoT Standards

06.4.1 IoT Standardization in CCSA

06.4.2 Published Standards

06.5 IoT Architecture

Market Landscape

07.1 Market Overview

07.2 Global IoT Market

07.2.1 Global Connected Devices Market

07.3 IoT Market in APAC Region

07.3.1 Connected Devices Market in APAC Region

07.4 IoT Market in China

07.4.1 Connected Devices Market in China

07.4.2 IoT Market in China as a Segment of IoT Market in APAC Region

07.5 Five Forces Analysis

Market Segmentation by Technology

Market Segmentation by End-users

10 Buying Criteria

11 Market Growth Drivers

12 Drivers and their Impact

13 Market Challenges

14 Impact of Drivers and Challenges

15 Market Trends

.....CONTINUED
