SEATTLE, WASHINGTON, UNITED STATES, February 7, 2018  
/EINPresswire.com/ -- [ReelTime VR](#) (OTCPK:RLTR) was chosen by VR Biz Journal in The VR Biz Awards [www.vrbizjournal](#) as The “Best Live Action Series” for [“Really Twins”](#) the tween VR adventure series, and “Best Travel Series” for “In Front of View” hosted by supermodel [Front Montgomery](#) and her daughter Leonie Montgomery.

ReelTime VRs “Really Twins” is a Virtual Reality Childrens/Tween Series now in its second season hosted by the “Really Twins” twins Austin and Brandon who believe it or not are “Really Twins”. They do crazy experiments that you shouldn’t do (and they shouldn’t either but they do them anyway), silly challenges, and take you to places you’ve never been.

“

Being recognized along side such traditional great content provider such as Warner Brothers Pictures, National Geographic, Fox Sports, further edifies that we are moving in the right direction. ”

“Really Twins” recently became the most experienced premium VR content of its type in the world to date earlier this year on VeeR VR. The show has also long been the No. 1 children’s non-animated content on the Samsung Gear VR worldwide since it began airing. [www.reallytwins.com](#) “In Front of View” is a VR travel show hosted by international Supermodel/Actress Front Montgomery [www.frontmontgomery.com](#) and her daughter Leonie Montgomery. The pair transports its viewers into their travels throughout Thailand, the US, Canada, and on new adventures. The series is shot separately in both English and

Thai and is available on VeeR VR <https://veer.tv/videos/in-front-of-view-parting-seas-krabi-98449>, Samsung Gear VR, YouTube, and Facebook in 4K in both languages.

Barry Henthorn CEO stated: “It is very rewarding when members of the VR industry appreciate and enjoy what we do at ReelTime VR. Being recognized along side such traditional great content provider such as Warner Brothers Pictures, National Geographic, Fox Sports, and standout newcomer Baobab Studios as having the best content in category further edifies that we are moving in the right direction. My congratulations to all the content providers who have embarked on this new virtual journey of immersive media.
