

A Cosmic Love Story and Transcendence Inspires Anaya's Latest New Age Orchestral Album, AONKI: Gateway of Love

Award-winning Brazilian musician, Anaya, expresses otherworldly vision and spirituality in unique orchestral new age music with electronic trance influences.

LOS ANGELES, CA, USA, February 9, 2018 /EINPresswire.com/ -- Following an extraordinary year for her epic album, Eternity, world-renowned Brazilian composer/producer Anaya returns with her most transcendent album ever, Aonki: Gateway of Love, releasing today in both digital and physical formats, at [Amazon](#), iTunes, and quality stores everywhere. The "cosmic new age music" album has taken off, winning both Clouzine's Best New Age Album Award, and the Global Music Awards' "Outstanding Achievement Award" for the single "Laman Song." The album was also included in a Huffington Post feature article titled "Heartful of Love."

To connect with her North American fanbase, Anaya is scheduled to introduce the new music and discuss her enchanting cosmic love story in a LIVE Instagram video interview with Beth Ann Hilton of The B Company on Valentine's Day, February 14th at 1:00 p.m. Pacific Standard Time (PST).

“

I make music to fulfill a collective yearning shared by humanity for harmony, unity and balance...Music is the sound of Light. Our best instrument is the universal harmony of being.”

AONKI: Gateway of Love stirs the soul with passionate melodies that awaken us to our heart's song; releasing just in time for Valentine's Day gifting.

Over the course of her musical career, Anaya has captured the soothing and energizing essence of the music of her native country, while forging a dynamic synthesis of orchestral new age, electronic and melodic trance influences and textures. Anaya's latest collection, the mysteriously titled Aonki: Gateway of Love, is a powerful, sweeping work that marks her second virtual collaboration and real-time recording in cyberspace between the artist's label AnayaMusic in Brazil at Studio 1234, a live symphony orchestra in Prague (featuring members of the Czech Philharmonic) and Orchestra.Net in Los Angeles; the team also worked together

When she's composing, Anaya calls on her spiritual side, and "retires" from this world to enter a realm of musical vibration; yet when production begins, she draws on her tech background as a Digital Information Specialist, analyzing the most effective sounds to convey her spiritual concepts. Reflecting on her personal inspiration and creative process, Anaya shares "I make music to fulfill a collective yearning shared by humanity for harmony, unity and balance. The magic of music and the profound feelings of love are a divine instrument of perfection to give re-birth to our soul. Music is the sound of Light. Our best instrument is the universal harmony of being."

In listening to this album, one is carried away on a journey of both futuristic and traditional sounds. Reviews from [Contemporary Fusion](#) and New Age Music Reviews are stellar, with the latter noting, "Anaya is like a female Yanni of sorts. I can imagine this woman on stage surrounded by an orchestra and several keyboards to present her musical talents." For lifestyle blog BEING: Sights, Sounds & Conscious Living, music writer Jonathan Widran wrote in an extensive review, "Reflective of its title, 'Aonki' is the name of the Gateway of Love and it came to Anaya in meditation as the driving force and guiding light for the journey of the recording. It reflects her belief that 2018 is a gateway year for overcoming differences and going to the Divine aspect of life, both individually and collectively. 'Laman Song' opens with a fast-paced film score like energy, then gives way to a gentle flute reflection before several competing musical paths emerge and dial down to a soulful keyboard-induced hypnosis with subtle orchestral harmonies," the review closing with commentary on "A Path to the Infinite" calling it "another all-orchestral mood piece that bathes the listener in a rich ambiance full of love and the brightness of eternity."

The Aonki CD arrives in a brightly-colored digipak, with romantic artwork evoking thoughts of the Girl from Ipanema. Love is surely the mood here. As the liner notes say, "Anaya's musical invitation to experience the Gateway of Love stirs the soul with passionate melodies of timeless inspiration to awaken our heart's song."

Anaya is a life-long multi-instrumentalist, who composes on both keyboards and guitar.

Aonki: Gateway of Love marks yet another powerful milestone on Anaya's journey of creating innovative, life-changing, heart transforming and consciousness shifting cosmic new age music. Transcending challenges in her own life through the embodiment of compassion, gratitude and pure joy, poured into the art of creating her music, she says, "To be faced with hardships becomes a way of life, but to transcend the barriers of our experience through love, awareness, creativity, and inner peace is a way of being. The Gateway of Love is a path to enlightenment, a felt sense of oneness with awareness itself."

All of Anaya's music is available at quality online music sites, as well as in mainstream and specialty music stores; physical distribution is serviced by CPI Distribution and New Leaf Distribution. One can listen and link to buy music from Anayamusic.com.
