

Backlash Against Companies Boycotting the Laura Ingraham Show on Fox

A major backlash is developing among "Fair Minded Americans" against companies who are "unfairly" boycotting the Laura Ingraham Show on Fox.

LOS ANGELES, CALIFORNIA, US , April 17, 2018 /EINPresswire.com/ -- Published by FairMac, (Fair-Minded-Americans-Coalition), encouraging rational and truthful dialogs to come to the understanding and knowledge of the truth.

Laura Ingraham said this: "David Hogg rejected by four colleges to which he applied and whines about it." For that comment, the following 22 plus "unfair minded" companies boycotted her Fox News Show:

Bayer, Hulu, Honda, Johnson&Johnson, LibertyMutual, Mayfair, TripAdvisor, Nestle, Nutrish, Ruby Tuesday, Atlantis Resort, Office Depot, Jenny Craig, Expedia Group, MiracleEar, Principle Financial Group, Entertainment Studios, Red Lobster, IBM, All State, Mitsubishi.

NEWS FLASH--ACE HARDWARE RESUMED ADVERTISING ON LAURA INGRAHAM SHOW***

This backlash is occurring among "fair minded Americans", Republicans, Democrats and Independents alike, who perceived the actions of these companies as being "unfair".

FaceBook Post: "A teenager is attempting to silence one of my favorite commentators on Fox News by telling companies

to yank their advertising, and 22 plus companies listened to him? Laura Ingraham, is a former criminal defense attorney and Supreme Court Clerk, but these companies blindly listened to a teenager whose brain, that controls judgment and emotions, hasn't been fully developed." OTHER COMMENTS:

"I'm with Laura, will not buy anything from these companies."

"It's an outrage, they boycotted Laura, I will boycott them."

policies are dictated by teenagers.”

“Won’t be eating at Ruby Tuesday, will be going to Applebee’s.”

“Not buying a Honda or Mitsubishi, will get a Toyota.”

In this reporter’s interview with infuriated "Fair-Minded-Americans", a majority believe an unfair and hypocritical double standard exists . Eg, Jimmy Kimmel racistly joked about Melania Trump’s English accent. Other talking heads on CNN, MSNBC, ABC, CBS, and NBC, as well as Jimmy Fallon, Stephen Colbert and others, have all made sickening comments about President Trump and conservatives. Madonna even threatened to blow up the White House. No boycotts of those "left-wingers"! Yet, one 17-year-old-kid with an undeveloped brain, gets top companies to blindly follow him in lock-step to boycott Laura Ingraham? It raises the question of whose brains are really less developed?

The “far-left’s” constant attacks and "fake-news" is hard evidence that proves bias against "fair minded Americans", regardless of race, color, creed, or political affiliations. That bias was clearly seen when two Black sisters, Diamond and Silk’s FaceBook page was taken down because FB deemed their comments to be “unsafe to the Community”. Mark Zuckerberg, founder of FaceBook, was grilled on that at the recent congressional hearings.

Another example, Alan Dershowitz, Harvard Legal Scholar and Democrat who voted for Hillary Clinton is being viciously attacked by the “far-left” for questioning Mueller’s investigation and saying the FBI raid on President Trump’s attorney was unconstitutional. More clear evidence that any “fair-minded-American”, from any spectrum, who voices different thinking other than the progressive “far-left”, are unfairly attacked and thrown into the “basket of deplorables.” It appears the “far-left” has now become the minders-of-morality and of what’s right to say, what’s right to think and what’s fair or unfair.

Americans NOW realize the US Government is rife with corruption, seeing corruption and criminality in the FBI, Justice Department and in other high places. They recognize the "far-left-media" has unfairly become the “far-left's” propaganda arm. They believe the 2018 November election is critically important for the survival of the nation. Many hear talk about a “Blue-Wave,”in November, but given

Partial list of Companies who have boycotted the Laura Ingraham Show of Fox. All of these companies have competitors and consumers who are offended by “unfair” company choices can choose to buy from other “fair” minded companies.

the constant attacks by the “far-left” on Trump and “Fair-Minded-Americans”, it may energized voters resulting in a backlash “Red-Tsunami.

That leads to the next question about the Republicans and Democrats? There's an old saying, "the difference between the two political parties is like the difference between Al Capone and Dutch Shultz. The revelations of corruption and criminality in our Deep State Government is allowing all Americans to clearly see there's no real difference between the two parties. Just look at what Paul-"Capone"-Ryan, Chuck-"Dutch"-Schumer, Nancy-"Bonnie"- Pelosi, and Mitch-"Clyde"-McConnell did. This gang of four were solely responsibly for pushing through a 1.3 trillion spending bill that was rushed to a vote without being read and passed in hours. Capone and Shultz and Bonnie & Clyde were boy and girl scouts compared to this political crew who become multi-millionaires after elected. This vast political corruption is revealed by Peter Schweizer in his new book called "Secret Empires". Mitch-"Clyde"-McConnell is on the front cover and his corruption story is told in that book. Highly recommended read!

The FOUNDING FATHERS, who foresaw the potential for a corrupt-and-criminal political class, having fled one to found America; wrote about a solution in the preamble to the Declaration-of-Independence in 1776, to the Union's current problems in 2018. Here is the statement from the FOUNDERS:

..."Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and accordingly all experience hath shown that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same object evinces a design to reduce them under absolute despotism, it's their right, it's their duty, to throw off such government, and to provide new guards for their future security." ([Please read full statement in Preamble here](#))

Another statement, ABRAHAM LINCOLN, First-Inaugural-Address-1861: "This country, with its institutions, belongs to the people who inhabit it. Whenever they shall grow weary of the existing government, they can exercise their constitutional right of amending it, or their revolutionary right to dismember it or overthrow it."

"Fair-Minded-Americans" believe we're at a "TIPPING POINT" and if something fundamental doesn't change, America will fall like all other corrupt and criminal empires before it.

WE SHOULD DO THREE THINGS: (1) Vote in the November election for candidates having FAIR-MINDED-VALUES and the VALUES of our Constitution. (2) Support the Laura Ingraham's Show on Fox (3) Imagine and then work for a more FAIR-MINDED-WORLD! Click to watch.
