*An important element of the Cryptassist philosophy is to donate back to the environment.*

TALLINN, ESTONIA, August 6, 2018 /EINPresswire.com/ -- An important element of the Cryptassist philosophy is to donate back to the environment.

To demonstrate Cryptassist's commitment to the environment as a responsible corporate citizen, Cryptassist will partner with and donate 1% of the proceeds of the ICO to a selected reforestation project and 1% to an ocean conservation organization.

A partnership has been established and a substantial initial donation has already been forwarded to One Tree Planted, <https://onetreepanted.org/pages/reforestation-business-partners> On Cryptassist's behalf, One Tree Planted will focus on the Kalimantan region in Borneo, home to the Tanjung Puting National Park, where In the last 50 years, more than 74 million hectares of Indonesian rainforest have been lost—an area twice the size of Germany.

Negotiations are now underway between Cryptassist and several leading ocean conservation organizations and Cryptassist will partner with the organization that best suits our corporate philosophy. Details will be announced on our website when finalized.
