

# Emsisoft Wins Gold Stevie® Award for Ransomware Removal in 2018 International Business Awards®

*Emsisoft Emergency Kit receives prestigious international recognition for Best Ransomware Removal Tool*

NELSON, NEW ZEALAND, August 10, 2018 /EINPresswire.com/ -- Emsisoft was named the winner of a Gold Stevie® Award in the Best Ransomware Removal Tool category in The 15th Annual International Business Awards® today.

The International Business Awards are the world's premier business awards program. All individuals and organizations worldwide – public and private, for-profit and non-profit, large and small - are eligible to submit nominations.

The 2018 IBAs received entries from 74 nations and territories, with more than 3,900 nominations from organizations of all sizes and in virtually every industry.

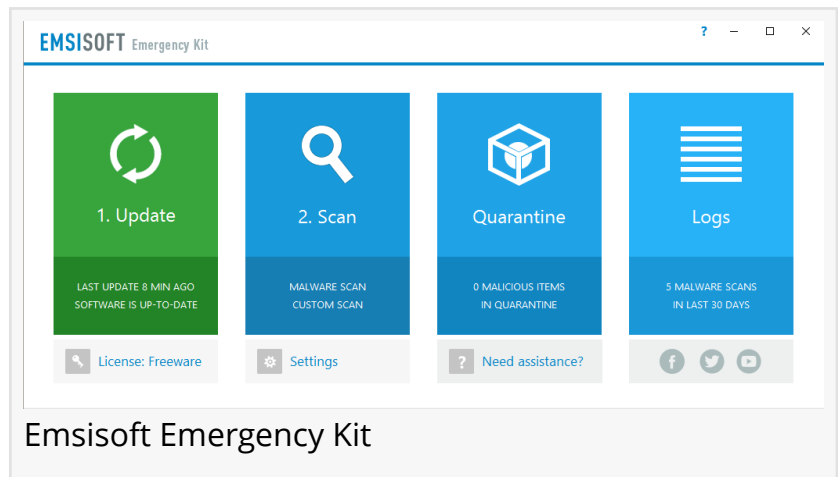

[Emsisoft Emergency Kit](#) is a free malware emergency kit that scans and cleans infected computers. It scans the infected PC for Ransomware, Viruses, Trojans, Spyware, Adware, Worms, Keyloggers and other malicious programs. It is also available as [Emsisoft Emergency Kit Pro](#) for commercial use. "Emsisoft Emergency Kit is one of the most powerful ransomware detection and removal tools available," said Christian Mairoll, Emsisoft CEO. "Apart from the powerful technology, we set ourselves apart by our unparalleled customer support and commitment to user privacy. We are incredibly proud to be recognized for our efforts, especially among such an esteemed group of winners."

Stevie Award winners were determined by the average scores of more than 270 executives worldwide who participated on 12 juries.

"This year's Stevie Award winners in the IBAs are the most distinguished group of winners we've had yet," said Michael Gallagher, president and founder of the Stevie Awards. "We raised the minimum average score from the judges required to qualify as a Stevie winner, so 2018 winners should be especially proud of their achievements. We look forward to presenting their Stevies to them in London on October 20, and to telling their stories over the coming year through Stevie Awards media."
