

International Art Festival: October 4-7

The latest edition of the International Art Festival brings together more than 30 artists from across the world.

NEW YORK, NEW YORK, USA,
September 24, 2018 /
EINPresswire.com/ -- In the heart of Chelsea, New York City's premier art district, this annual international art fair highlights some of the best works by artists from across the globe who are accomplished but not yet necessarily on the radar of major institutions.

Each of the artists was carefully selected, with an eye to gathering a combination of both up-and-coming artists and more seasoned artists.

"We are extremely proud of the high quality and extraordinary variety of submissions this year, and look forward to sharing their work with the public," said Margo Grant, the fair's director.

“

Don't miss this great opportunity to acquire art of the highest quality, which ranges from exciting emerging artists to more established ones, many of whom are fresh to the New York art market."
