technology can bring an exciting, cutting-edge punch wherever it is seen. Mark Smith, owner of the unique holographic display company, explains "Because we will already be in the area for an extended period of time, we can eliminate transportation and logistics related costs and pass along those savings directly to the end client." Businesses and companies in the Fort Myers, Naples, Sarasota, Miami, Fort Lauderdale, Tampa, Orlando, and other FL locations might want to be the first to in their area to take advantage of this offer and stand out using this new 3D technology.

“

Because we will already be in the area for an extended period of time, we can eliminate transportation and logistics related costs and pass along those savings directly to the end client”

Holograms are already being deployed in a wide variety of settings. Event planners, in particular, have found that these devices are an excellent way to bring an instant degree of class and uniqueness to any event--whether it's a high -end event, a corporate meeting for shareholders, or a business conference and trade show. The content of the hologram can be custom created, ensuring that the image matches the theme or purpose of the event.

3D Hologram Rentals is an industry pioneer and leader in hologram technology. The company features next-generation holographic displays that create on-brand visual splendor. 3DHR offers unique 270° holographic display units that will make clients' brands impress like never before. The 3DHologramRentals award-winning creative team can create virtually any kind of holographic visuals from scratch, ranging from text and particles to CAD-accurate 3D renderings. For the budget-conscious, they also have a wide variety of templates and customizable content available.
