

# Halfpenny Technologies partners with Nuance for Clinical Data Exchange Services

*Robust clinical data to support Nuance solutions and drive clinical documentation excellence*

BLUE BELL, PA, USA, December 6, 2018 /EINPresswire.com/ -- Halfpenny Technologies, a leading provider of clinical data exchange solutions is pleased to announce a collaboration with Nuance Communications, Inc. ("Nuance") to power Nuance clinical documentation excellence solutions with an expanded longitudinal view of patient records. Nuance solutions leverage Halfpenny Technologies cloud-based clinical data exchange services to ensure the right care team members have the right clinical information at the right moments of care.

"We are excited to partner with Nuance, a leader in the development of AI-powered solutions that are making a measurable difference in patient care," said Tim Kowalski, President & CEO of Halfpenny Technologies. "The combination of our industry-leading clinical data exchange capabilities and Nuance's AI-powered solutions offers the market unparalleled improvement opportunities."

Said Michael Clark, SVP and General Manager of Provider Solutions at Nuance Communications, "Care teams need solutions that address issues with documentation quality at the source and help avoid the re-work that comes from inefficient processes. Timely access to the details in patient medical records is foundational to the success of any quality improvement effort. Our collaboration with Halfpenny Technologies makes it easy for our clients to access data in support of their critical mission."

## About Halfpenny Technologies

Halfpenny Technologies is a leading provider of healthcare interoperability solutions enabling meaningful clinical data exchange. Our cloud-based, fully-managed solutions provide hospitals, labs, health plans, pharmacies, and HIEs with a secure, vendor-neutral infrastructure that supports care coordination, care management, regulatory requirements and data analysis within and between healthcare organizations.
