---

PUNE, MAHARASHTRA , INDIA, February 18, 2019 /EINPresswire.com/ -- Summary:

A new market study, titled "Discover [Global Utilities Customer Information Systems Market](#) Upcoming Trends, Growth Drivers and Challenges" has been featured on WiseGuyReports.

## Introduction

### Global Utilities Customer Information Systems Market

The utility customer information system (CIS) market is composed of utility companies looking for commercial off-the-shelf (COTS) software packages that address business-critical utility meter-to-cash (M2C) and customer service business processes. M2C functions covered include: account maintenance, order processing, product/service management, rate design, billing, credit collection, accounts receivable, statement preparation, and payment processing. For customer service, CISs support multiple client interaction channels — such as call centers, interactive voice response/voice response units (IVR/VRUs). They also support various digital engagement channels (social media and, more recently, virtual assistants/chatbots) — as well as customer self-service needs.

In 2018, the global Utilities Customer Information Systems market size was xx million US\$ and it is expected to reach xx million US\$ by the end of 2025, with a CAGR of xx% during 2019-2025.

This report focuses on the global Utilities Customer Information Systems status, future forecast, growth opportunity, key market and key players. The study objectives are to present the Utilities Customer Information Systems development in United States, Europe and China.
