Non-dairy milk market report highlights 2024

Global Non-Dairy Milk Market – Segmentation

This market research report includes a detailed segmentation of the market by source types, end-products, distribution channels, and geographies.

The launch of innovative flavors and varieties of dairy-free yogurt is gaining popularity in the global non-dairy milk market”

Vini, Research Analyst

- Soy milk dominated more than half of the total market share in 2018. Soy milk is the most consumed plant-based milk alternative in the world.
- Yogurt is the fastest growing end-product segment in the global market at a CAGR of approximately 16% by 2024.

Market Segmentation by Source Types

- Soy Milk
- Almond Milk

- Coconut Milk
- Rice Milk
- Others

Market Segmentation by End-products

- Milk
- Yogurt
- Ice Cream
- Cheese
- Creamer
- Others

Market Segmentation by Distribution Channels

- Supermarkets and Hypermarkets
- Convenience Stores
- Specialty Stores
- Online Retail Stores
- Others

Global Non-Dairy Milk Market – Dynamics

The growing demand for non-GMO food products and the rising interest in natural and organic products are fueling the growth of the global non-dairy milk market. The increasing interest in food quality and safety, while a desire for GM-free ingredients, has also emerged as a key concern for some consumers in the global market.

Key Drivers and Trends Fueling Growth of the Global Market:

- Growing Preference for Vegan Diets
- Increasing Number of Health-conscious Population
- Growing Investment in Plant-based Food and Beverage Industries

Global Non-Dairy Milk Market –Geography

In terms of geography, the global non-dairy milk market is categorized into North America, APAC, Europe, Latin America, and MEA. The rising adoption of vegetarian diets and veganism in countries such as India and China, coupled with the high prevalence of lactose intolerance is driving the market in the APAC region.
