

Dr. Antoine Chevalier Was Featured Speaker At Anti-Aging Symposium

Dr. Antoine Chevalier was one of the featured speakers at the 2019 Anti-Aging Symposium. This year's event was "Breakthroughs in MLD & Integrative Modalities"

MIAMI, FLORIDA, USA, July 1, 2019 /EINPresswire.com/ -- Dr. Antoine Chevalier was one of the featured speakers at the 2019 Anti-Aging Symposium. The focus of this year's event was "Breakthroughs in MLD & Integrative Modalities." The event was held over this past weekend with other symposiums scheduled for this year.

Dr. Chevalier has been a functional medicine practitioner at the White House since 2001. Dr. Chevalier spoke to students and practitioners on how to reduce swelling and increase lymphatic flow with Micro Current Point Stimulation referred to as MPS. Those attending learned how and why MPS works to increase lymphatic function, deregulates the autonomic nervous system, improve conditions including lymphedema, sports injuries, mental clarity as well as many others. Dr. Chevalier also discussed how CBD nano water and creams and how to incorporate them with MPS for even more effective results.

Dr. Antoine Chevalier has been published multiple times in international peer-reviewed scientific journals.

White House Doctor since 2001

According to Dr. Chevalier "I am very excited to be a part of this symposium and to teach about the results we achieve with the MPS technology combined with the CBD nano water and creams.

“

I am very excited to be a part of this symposium and to teach about the results we achieve with the MPS technology combined with the CBD nano water and creams.”

Dr. Antoine Chevalier

We not only see a significant difference through the data, but a physical difference in the patient. I believe that this is the next evolution of Anti-Aging technology and treatments”.

COO Ridell Mackey states, “We are extremely excited about the Anti-Aging market as well as the opportunities, I believe that we will be in the forefront of the industry with Dr. Chevalier’s MPS technology and products. It is our goal to train other practitioners and technicians and to expand this globally”.

Also speaking at the symposium where Lisa DiFalco, MS, OT, LMT, CII, Ms. DiFalco shared the latest research on about the lymphatic vessels in the brain, she presented techniques on how to maximize the most effective ways to access these vessels and help patients mental awareness

awareness as well as help preventing issues in the future of those of any age. Lisa DiFalco, is the owner of MLD Institute International and provides Vodder Style Manual Lymphatic Drainage courses and certifications and serves on the Advisory Board of healthcare corporations and spas.

Dr. Chevalier has been a featured speaker at many conferences as well as speaking at Harvard, Nasdaq, Mercedes Benz, Executive Office Building of the President of the United States of America.
