Market Overview

Ginkgo Biloba Extract has been trending among people because of a great many benefits it has to offer. For those who don't know, the Ginkgo Biloba Extract is extracted from the Ginkgo tree, which is a large tree having fan-shaped leaves. This plant is a China native but commonly found

in Korea and Japan as well. The Ginkgo Biloba tree is tough to be one among the oldest trees. And its leaves are often consumed from the mouth for treating a certain type of memory disorder that happens in old age. It has been proven by several studies that Ginkgo Biloba Extract is one of the best natural remedies for patients suffering from memory disorders like Alzheimer's disease. And it's not only with the memory that Ginkgo Biloba Extract is effective because a large number of people in China and Japan consume it for ailments like dizziness, loss of vision, difficulty concentrating, poor attention span and mood disturbances.

Ginkgo Biloba Extract is now getting even more popular because it is being used in cosmetics as well. A lot of people are using substances made from Ginkgo Biloba Extract to ease pain caused due to poor blood flow. A large segment of people is also using it in foods because the roasted Ginkgo Biloba Extract has been proven to have a great number of nutritional benefits in it. The leaf of the Ginkgo Biloba plant has pulp, which, when removed, is consumed as an edible delicacy in many regions of China and Japan. Since they have so many great numbers of positive effects, the Ginkgo Biloba Extract is now being used in drugs and pills for curing a large number of diseases as well.

Market Segmentation

The market of Ginkgo Biloba Extract can be chiefly segmented depending upon the product type. Since it can serve a lot of benefits, it is available in the form of capsules, tablets, and liquid extracts as well. The Ginkgo Biloba Extract can also be sorted on the basis of end-users since some consume it for CNS disease, some for skin, memory issues, and other brain disorders.

Regional Overview

In North America, the market is segmented in the following regions; Mexico, Jamaica, Canada, Bermuda, Bonaire, Dominica, United States of America, and the US Virgin Islands. In South America, maximum consumption is in the following states: Argentina, Bolivia, Peru, Ecuador, Chile, Venezuela, Suriname, Peru, and Colombia. And in Australia, most of the manufacturing and supply units are in New Zealand, the Solomon Islands, and Tonga. In Asia, the highest demand is in India, China, Indonesia, Pakistan, Maldives, Nepal, Afghanistan, Sri Lanka, and Bangladesh.

Industry News

One of the studies conducted in china proved that this extract could very effectively treat several disorders, including Tardive dyskinesia, which is caused by antipsychotic drugs. The research has proven how consumption of Ginkgo can reduce the severity of Tardive dyskinesia in people who are suffering from this ailment.
