PUNE, MAHARASHTRA, INDIA, December 6, 2019 /EINPresswire.com/ -- [Slimming Tea Industry](#)

Description

Slimming tea is used to manage or lose body weight owing to the presence of high contents of antioxidants in it. Slimming teas are available in several types such as green tea, herbal tea, and other teas such as oolong tea, white tea, organic tea, and flavored tea. In terms of products, the green tea segment accounted for the maximum share of the weight loss tea market during 2017. The segment will continue to contribute to the maximum growth of this market during the forecast period as well due to the increasing awareness about the benefits of this tea.

This market study estimates that in terms of geographic regions, APAC will be the major revenue contributor to the slimming tea market throughout the forecast period. The increasing production of fat loss tea in countries such as China, India, Srilanka, and Indonesia will drive the weight loss tea market growth in the region.
