- An upcoming recession

What to expect?

What may trigger it?

How may past lessons help us in the future?

- The US-China tensions

The impact on both economies?

The up and down sides for the rest of the world?

- The 2020 US election

As seen and observed by the global

investment and business communities?

- The Global Mobility of Capital and Information

“

The world is once again at a historic crossroads where several agreements and situations need to go right, to prevent a global economic clash. Attending these types of events is crucial for leaders.”

Tariq Hussain, Chief Executive Officer at Bervann Capital

The world is evolving before our very own eyes. Money and Information move from West to East at a record pace. How did we get here?

Who are the biggest winners?

How do we see this playing out?

- The aggressive pace of the [Middle East](#) via its 2030 visions

What are the most efficient ways to engage with the Middle East?

How is the region to be perceived going forward by the rest of the world?

What place is it to occupy in the upcoming world order?
