*SMi Group's Military Space USA conference will return to Los Angeles on 9th - 10th June 2020 to explore key topics within the US DoD's approach to space.*

LOS ANGELES, CALIFORNIA, UNITED STATES, February 25, 2020 /EINPresswire.com/ -- SMi Group are proud to announce the return of the 2nd annual [Military Space USA Conference](#) and Exhibition, taking place at the Renaissance Hotel, Los Angeles, on the 9th-10th June, with a brand-new [Disruptive Technology Focus Day](#) on the 8th June 2020.

With the US DoD pushing the acquisition of the next generation of space capability up its agenda to stay ahead of near-peer adversaries in what is widely expected to be the next major warfighting domain. Military Space USA will explore how rapid prototyping, requirement setting and procurement have become keystone policies, now highlighted by programmes such as SMC 2.0 and AFRL's innovation pitch days.

The poster features a vibrant image of a rocket launch with a large, glowing orange arc in the sky. The text is overlaid on the image. In the top right corner, the SMi logo is present with the tagline 'LINKING BUSINESS AND INFORMATION'. The main text reads 'MILITARY SPACE USA' in large white and red letters, followed by 'June 8th-10th 2020' and 'Los Angeles' in white. At the bottom, a dark blue banner contains the website 'WWW.MILSPACEUSA.COM'. Below the poster, the text 'Military Space USA 2020' is centered.
