

Montana US Navy Veterans Lung Cancer Advocate Urges the Family of a Navy Veteran with Lung Cancer in Montana-Who Had Heavy Asbestos Exposure to Please Call the Lawyers at Karst von Oiste About Compensation

BUTTE , MONTANA, USA, August 4, 2020 /EINPresswire.com/ -- The Montana US Navy Veterans Lung Cancer Advocate says, "If your husband or dad is a Navy Veteran with lung cancer anywhere in Montana and he had significant exposure to asbestos in the navy prior to 1982 please call the lawyers at the law firm of Karst von Oiste at 800-714-0303. Believe it or not financial compensation for a person like this might exceed \$100,000. The typical person we are trying to identify is over 60 years old, and their exposure to asbestos took place prior to 1982. To get compensated-it does not matter if the person smoked cigarettes or not. The reason we are inviting the wife, adult son-daughter, or friend to get involved is that most people like this never get compensated.

"We want to emphasize a compensation claim involving a Navy Veteran who has lung cancer and who had significant exposure to asbestos decades ago does not involve a lawsuit against the navy. The claim is made against various manufacturers who included asbestos in their products. If you or your loved one had significant exposure to

asbestos decades ago in the navy and lung cancer has been diagnosed please call the remarkable lawyers at the law firm of Karst von Oiste at 800-714-0303. We think you will be glad you did." www.karstvoniste.com/
