

The Future Of Real Estate: Your Home Sold Guaranteed Realty

ROSEMEAD, CALIFORNIA, UNITED STATES, September 16, 2020 /EINPresswire.com/ -- The Coronavirus Pandemic COVID-19 has hit most economies around the world very harshly. With production and aggregate demand in most industries coming to a standstill, one real estate brokerage in the greater Los Angeles area has reportedly thriving by re-defining the job of a real estate agent.

Traditional real estate agents are required to cold call, knock on doors to gain clients, and prospecting, pitch deals to clients. Working under those conditions and norms can be intimidating. The fact is, there isn't much more to the average agent than the agent themselves. Most agents operate a one-person show - and they're probably breaking their backs trying to do a good job for their clients. Most agents couldn't really work any harder than they're already working.

[But Your Home Sold Guarantee Realty](#) is taking a brand new approach towards aspiring real estate agents where they produce the leads and the appointments leaving the agents out of the knocking, pitching, and prospecting. "Your Home Sold Guaranteed Realty built a team of professionals to help real estate professionals be in 10 places at once, and therefore greatly enhance the quality of service real estate agents can deliver to the consumers. This is basically how other professionals like your banker or lawyer operate. And on top of this, we've used cutting edge technology to dramatically improve the speed, efficiency and innovative capabilities of every part of the service we deliver," explained [Rudy Lira Kusuma](#), CEO of Your Home Sold Guaranteed Realty.
