

# Utah US Navy Veterans Lung Cancer Advocate Has Endorsed Attorney Erik Karst of Karst von Oiste to Ensure a Navy Veteran with Lung Cancer Gets Compensated-If He Had Navy Asbestos Exposure-It Might Exceed \$100,000

SALT LAKE CITY, UTAH, USA, February 26, 2021 /EINPresswire.com/ -- The Utah US Navy Veterans Lung Cancer advocate says, "We have endorsed attorney Erik Karst of the law firm of Karst von Oiste to make certain a Navy Veteran or person with lung cancer gets compensated if they had significant exposure to asbestos prior to 1982 in the navy or at work. Financial compensation for a person like this in Utah or nationwide might exceed \$100,000 and the financial claim does not involve suing the navy or typically the person's workplace as Erik Karst of Karst von Oiste is always happy to discuss at 800-714-0303.

"Most people have heard about mesothelioma and what might be substantial compensation. Unfortunately, most people who now have recently diagnosed lung cancer and who had heavy exposure to asbestos in the navy or at work in the 1950's, 1960s, or 1970s are not aware the \$30 billion dollar-asbestos trust funds were set up for them too. If the person we have described sounds like you

or your loved one-please call attorney Erik Karst of the law firm of Karst von Oiste anytime at 800-714-0303." [www.karstvoniste.com](http://www.karstvoniste.com)

The Utah US Navy Veterans Lung Cancer Advocate's free services are available to people with asbestos exposure lung cancer or mesothelioma in Salt Lake City, Provo, West Jordan, Sandy Hills, Ogden, Saint George or anywhere in Utah.

High-risk work groups for exposure to asbestos in Utah include US Navy Veterans, a civilian employee at Hill Air Force Base, a worker at one of Utah's dozen+ power plants, oil refinery workers, public utility workers, plumbers, electricians, auto mechanics, welders, insulators, machinists, or construction workers. In most instances, a diagnosed person with mesothelioma was exposed to asbestos in the 1950's, 1960's, 1970's, or 1980's. [www.karstvoniste.com](http://www.karstvoniste.com)

*Utah US Navy Veterans Lung Cancer Advocate*

Important Note from the US Navy Veterans Lung Cancer Advocate: "If your husband, dad, coworker or neighbor has just been diagnosed with lung cancer and you know they had significant exposure to asbestos in the navy, at a shipyard or while working at a factory, at power plant, public utility, or as a plumber, electrician welder, mechanic or any kind of skilled trades group in any state please have them call us anytime at 800-714-0303. Most people like this never get compensated-even though the asbestos

trust funds were set up for them too. We are trying to change this sad fact. Frequently compensation for people like this might exceed \$100,000." <https://USNavyLungCancer.Com>

States with the highest incidence of lung cancer include Kentucky, West Virginia, Maine, Tennessee, Mississippi, Ohio, Indiana, Louisiana, Arkansas, Missouri, North Carolina, Rhode Island, Alabama, and Delaware. [www.karstvoniste.com/](http://www.karstvoniste.com/)
