Flagler says, “We Insure will allow me to do what I do best, which is to develop relationships and sell insurance, with We Insure as my backroom service center.”

“We Insure is an attractive independent insurance model because we offer full support in operations, technology and marketing. This allows franchise partners to focus on providing superior service to their customers and growing those relationships,” says We Insure Chief Development

Officer, Chris Pflueger. “With his many years of experience, Bill could have chosen to launch his new agency independently, but he selected We Insure as a partner — and we believe that's a testament to the level of support we provide agency owners.”

We Insure is experiencing high demand from entrepreneurs for its innovative franchise insurance offering. The Florida-based company was created by a former captive agent with a mission to tackle the insurance industry's biggest challenges. Philip Visali, CEO of We Insure, accomplished this by bringing together the best in choice from independent agencies along with the superior back-end support of captive models. Ten years later, We Insure has partnerships with the top carriers, and more than 100 total markets, to provide its customers with the ultimate experience of choice and lower rates. The company has deeply invested in state-of-the-art support systems and IT infrastructure to provide agents with seamless servicing so they can

focus on developing customer relationships.

We Insure was recently identified by independent research firm Franchise Business Review (FBR) as one of the Top 100 Low Cost Franchises in 2020 and as one of the Top 200 Best Franchises to Buy in 2020. FBR's recognition was based on franchisees' satisfaction and performance rankings.
