

Wyoming US Navy Veterans Lung Cancer Advocate Urges the Family of a Navy Veteran with Lung Cancer in Wyoming to Call Attorney Erik Karst of Karst von Oiste About Compensation If He Had Navy Asbestos Exposure

CASPER, WYOMING, USA, April 20, 2021 /EINPresswire.com/ -- According to the Wyoming US Navy Veterans Lung Cancer Advocate, "If you are the wife or adult son or daughter of a Navy Veteran with recently diagnosed lung cancer anywhere in Wyoming-please call attorney Erik Karst of Karst von Oiste if your loved one had heavy exposure to asbestos on a navy ship, submarine or at a shipyard prior to 1982. Financial compensation for a person like this might exceed \$100,000 and the claim does not involve suing the navy as attorney Erik Karst of the law firm of Karst von Oiste is always happy to discuss at 800-714-0303.

"The typical Navy Veteran who now has lung cancer is over 60 years old and served in the navy in the 1950s, 1960s or 1970s and it is in this time frame when their initial exposure to asbestos took place. In many instances after the navy- the Veteran went on to work in

the private sector where they received additional exposure to asbestos as a skilled trades worker, in manufacturing, at a power plant, etc. Additional exposure to asbestos could increase the compensation for a person like this as attorney Erik Karst of the law firm of Karst von Oiste is always happy to discuss at 800-714-0303." www.karstvoniste.com/

The Wyoming US Navy Veterans Lung Cancer Advocate's free services are available to people with asbestos exposure lung cancer or mesothelioma in Cheyenne, Casper, Laramie, Gillette, Jackson Hole. Rock Springs or anywhere in Wyoming.

High-risk work groups for exposure to asbestos in Wyoming include US Navy Veterans, workers at one of Wyoming's power plants, oil refinery workers, steel mill workers, pulp and paper mill workers, manufacturing workers, industrial workers, public utility workers, plumbers, electricians, auto mechanics, machinists, or miners.

“

"If you are a Navy Veteran with recently diagnosed lung cancer anywhere in Wyoming-please call attorney Erik Karst of Karst von Oiste if you had heavy exposure to asbestos on a navy ship or submarine."

*Wyoming US Navy Veterans
Lung Cancer Advocate*

Typically, the exposure to asbestos occurred in the 1950's, 1960's, 1970's, or 1980's.

The US Navy Veterans Lung Cancer Advocate says, "If your husband, dad, coworker or neighbor has just been diagnosed with lung cancer and you know they had significant exposure to asbestos in the navy, at a shipyard or while working at a factory, at power plant, public utility, or as a plumber, electrician welder, mechanic or any kind of skilled trades group in any state please have them call us anytime at 800-714-0303. Most people like this never

get compensated-even though the asbestos trust funds were set up for them too. We are trying to change this sad fact." <https://USNavyLungCancer.Com>

States with the highest incidence of lung cancer include Kentucky, West Virginia, Maine, Tennessee, Mississippi, Ohio, Indiana, Louisiana, Arkansas, Missouri, North Carolina, Rhode Island, Alabama, and Delaware. www.karstvoniste.com/
