The group says, "We have been assisting people with mesothelioma for nearly two decades and our top priority is that people with mesothelioma receive the best possible financial compensation results. Because the Coronavirus and mesothelioma have so many similar symptoms-many people who have just been diagnosed with mesothelioma-were probably initially diagnosed with COVID-19. This may have cost a person with mesothelioma a couple of months-in treatments that were useless. If your husband or dad has mesothelioma in Ohio-please get serious about

financial compensation and call attorney Erik Karst of the law firm of Karst von Oiste at 800-714-0303. We think you will be glad you did." [www.karstvonoiste.com/](http://www.karstvonoiste.com/)

For the best possible mesothelioma treatment options in Ohio the Ohio Mesothelioma Victims Center strongly recommends the following three health care facilities with the offer to help a diagnosed victim, or their family get to the right physicians at each hospital.
