The goal is to inform, bring investment, partnerships and businesses on a common platform and accelerate growth in key areas of science & technology, education, healthcare, Innovation, and research”

Organizers

USA India Business Summit (UIBS) has a distinguished history of being the largest conference of its kind in the South-East USA. For last twelve years, UIBS and the Georgia Tech Center for International Business Education and Research (GT CIBER), a national center of excellence created in 1993, to promote US international competitiveness have hosted multiple events together.

The COVID-19 pandemic has forced businesses to transform how they operate, driving extraordinary demand for digital service providers and a need for increased connectivity. Organizations that require additional

infrastructure have struggled with this rapid shift in demand.

This virtual C Series Workshop will take a deep dive look at Global Trends in Digital Infrastructure with help from C level/Senior Executives and Experts. Five trends are impacting today’s digital transformation challenges increasing the need for interconnection.

• Digital Business • Urbanization • Cybersecurity • Data Volumes & Compliance • Business Ecosystems

May 6th workshop will begin with a keynote on “Global Trends in Digital Infrastructure” from Dr. Richard DeMillo, Chair, School of Cybersecurity and Privacy Charlotte B. and Roger C. Warren Chair of Computing Executive Director, Center for 21st Century Universities (C21U), Georgia Institute of Technology (GaTech). The author of over 100 articles, books, and patents, Dr. DeMillo’s research has spanned computer science and includes fundamental innovation in computer security, software engineering and mathematics. Prior to joining Georgia Tech, he was Hewlett-Packard’s first Chief Technology Officer, where he had worldwide responsibility for technology.

Keynote will be followed by three moderated Panel Sessions with C level/Senior Executives and Experts - Global Trends in Digital Infrastructure: Accelerating your digital transformation, Cyber Security as Part of Your Digital Edge Strategy and Architecture & Transforming Manufacturing IT:

Solving supply chain inefficiencies and lowering costs. Distinguished speakers of May 6th virtual event are -

Mr. Tanuj Raja, Global Head, Strategic Partnerships, Google Cloud; Mr. CB Velayuthan, Global Managing Director, Strategic Alliance, Equinix; Mr. Mark H Thomas, Managing Director and CIO, Evicore; Mr. Olli Junnila, CTO, Nokia
