## The Redefined Artist-Fan Relationship

This innovative online video entertainment platform empowers content creators and their audiences to connect and interact with each other like never before. The GAZE tokenized ecosystem incentivizes audiences based on their level of engagement. For example, each view, like, comment and share can earn GAZE, which can be used for unlocking paid content and supporting their favorite creators on the platform. GazeTV.com not only brings a unique approach for Gramatik's fans to interact with his music, but also a beneficial and direct way to show their support.

"At GazeTV, we're repairing everything that is broken with social entertainment platforms. Instead of only content creators and the audience giving to the platform, we GazeTV give back to our users. We highly treasure creators and audience engagement. This is our mission - Every second counts," says Jack Cheng, Co-founder of GazeTV.com.

Connecting the GRMTK with GAZE Ecosystem

With the amount of GAZE earned, audiences can unlock Gramatik's premium contents on GazeTV. "I am thrilled to start my official music channel on GazeTV. Tokenized GRMTK ecosystem will also be activated on the GazeTV platform at a later stage, which will bring exclusive benefits for GAZE and GRMTK holders. Further details will be announced soon," says Gramatik.
