

Blue Gem Hemp Disrupting the CBD Industry.

Blue Gem Hemp proudly innovated the Next-Gen botanical extraction method, by augmenting AI & Machine Learning, into their extraction machines.

CHICAGO, ILLINOIS, USA, September 13, 2021 /EINPresswire.com/ -- While the market-place is flooded with many types of CBD products, and it seems to be an ever-changing landscape. It is an established fact, that not all CBD extracts are created equally. While the masses are leveraging, old technologies and extraction methodologies, such as CO2, solvent based or rosin press. There's a company (Blue Gem Hemp) on a mission to provide the most purest organic hemp (cannabis) extract, by integrating AI and Machine learning stacks into their unique, state-of-the-art scientific botanical extraction method. Their proprietary innovated scientific, extraction method and formulation is a true paradigm shift in the Cannabis / CBD Industry and the botanical extraction realm.

Blue Gem Hemp specializes in full-spectrum cannabis extract, since it contains the whole-plant based rich phytonutrients, that aren't found in the CBD Isolates, or other forms.

Blue Gem Full-Spectrum CBD Oil

Blue Gem Hemp's scientific extraction method is a direct result of advancements of the, molecular-biology and biochemistry. The company believes in continuous innovation of science backed botanical extraction formulations and methodologies. Blue Gem Hemp's innovated CBD extraction method is forever free of any synthetic chemicals, alcohols, solvents or any
