Singapore Launches Quarantine-Free Travel for Travellers from Germany and Brunei

Prime Aces Limousine relaunched VIP Meet and Greet Service with complimentary airport transfers in conjunction with the launch of Vaccinated Travel Lane (VTL).

SINGAPORE, September 7, 2021 /EINPresswire.com/ -- With higher population vaccination rates, the Singapore government has introduced vaccination-differentiated border measures for travellers from countries that have controlled the pandemic well and have a high percentage of the population vaccinated. There will be 4 categories under the differentiated border measures.

From Sep 8 onwards, Singapore will further reduce its border measures to introduce the first Vaccinated Travel Lane (VTL) with Germany and Brunei.

Under the Vaccinated Travel Lane (VTL), fully vaccinated travellers departing from Germany or Brunei can enter Singapore without serving a stay-home notice. Border restrictions with Hong Kong and Macao will also be eased, with eligible visitors taking a COVID-19 test on arrival instead of serving a stay-home notice in Singapore.

Prime Aces Limousine has just relaunched the VIP Meet and Greet service with Free Airport Transfer Service. This premium meet and greet services are expected to reduce immigration clearance time by more than 50%. VIP Travellers can undergo their mandatory COVID test in a private and exclusive facility.

While the custom clearance process is now twice as fast, it maintains the same level of hygiene and safety to prevent the spread of COVID-19 within Singapore. The VIP Meet & Greet Services are available to any passenger travelling on full-service carriers, on any class - arriving, departing from Singapore.
The entire process is not only smooth but enjoyable. Upon arrival, travellers will be met with a Guest Relations Officer right at the aerobridge, where they are whisked by a private vehicle to JetQuay CIP Terminal. Travellers can rest in the comfort of a private lounge and freshen up while service staff handle their luggage and travel documents to perform the check-out.

While waiting for completion of the check-out process, travellers can surf the internet and contact their office via the business centre, enjoy a light meal and even take a shower. Once check-out is complete, travellers can collect their luggage before being escorted to a private limousine that can transport them to their desired location.
