*The Business Research Company's Medical Tourism Global Market Report 2021: COVID 19 Growth And Change To 2030*

LONDON, GREATER LONDON, UK, September 14, 2021

/EINPresswire.com/ -- According to the new market research report '[Medical Tourism Global Market Report 2021: COVID-19 Growth And Change](#)' published by The Business Research Company, the medical tourism market is expected to grow from \$19.79 billion in 2020 to \$21.93 billion in 2021 at a compound annual growth rate (CAGR) of 10.8%. The growth is mainly due to the companies resuming their operations and adapting to the new normal while recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The market is expected to reach \$40.03 billion in 2025 at a CAGR of 16%. High healthcare costs in developed countries is driving growth in the medical tourism market as developing countries are able to provide cheaper treatment.
