

One Love One World (We Are One) Freedom Mix

ORLANDO, FLORIDA, UNITED STATES,
September 22, 2021 /

EINPresswire.com/ -- Let's face it, the past couple of years have been less than peachy. However, there cannot be darkness without light. Award-winning songwriter Craymo's latest single, 'One Love One World' hopes to be a beacon of positivity during a time when we need it most.

Tight drum machine work pulses a reggaeton groove throughout that pushes the groove forward, provided a bedrock foundation for Craymo's soulful vocals to reverberate atop of. It's a groovy number that echoes themes of equality, tolerance, brotherhood, and that we are all one and the same.

"With all the negativity in the world, we need this message more than ever. We are all different yet we are all the same, we are one human race"
Craymo

The track serves as the 20th Anniversary Freedom Mix of his song 'One Love One World (We Are One)', an award-winning song that was performed by children across schools around the world.

The track premieres October 15th, 2021, on all streaming/download sites, on One Love One World Records. The track was produced and written by Craig Stephen Raymo (Craymo), and features Brandon Jarrett on additional songwriting duties.
