

# Adenza's AxiomSL Wins Best Data Management Solution for Sell-Side Regulatory Compliance at RegTech Insight Awards APAC

*Senior Tech Officers and Data Specialists Recognize Comprehensive Data Lineage, Risk Aggregation and Workflow Automation Platform for Scale and Flexibility*

HONG KONG, October 28, 2021

/EINPresswire.com/ -- [Adenza](#), the new company formed by the merger of

Calypso Technology and AxiomSL to provide customers with end-to-end, trading, treasury, risk management and regulatory compliance platforms, today announced that its data integrity and control platform, ControllerView®, was named Best Data Management Solution for Regulatory Compliance at the [RegTech Insight Awards APAC 2021](#). The inaugural awards program, hosted by

the A-Team Group, recognizes RegTech solutions that have successfully improved firms' ability to effectively respond to the evolving and ever more complex regulatory requirements across the global financial services industry.

Congratulations to Adenza for winning Best Data Management Solution for Sell-Side Regulatory Compliance!"

*Angela Wilbraham, CEO, A-Team Group*

Recognized for its scale and flexibility, Adenza's AxiomSL ControllerView platform won praise for its fully transparent data sourcing, enrichment, aggregation, pre-processing, validation and reporting capabilities. Serving as the

backbone on which all Adenza's AxiomSL solutions run, ControllerView is a high-performance, fully integrated and data-driven platform that continuously improves data quality and drives successful regulatory reporting.

"The unique combination of complete transparency and deep granularity that we deliver in our data management platform is making it possible for Adenza clients to comply not only with today's complex regulatory reporting requirements, but also to manage the constant changes that have become a fact of life in financial regulation," said Edward Probst, Head of Strategy, Regulatory Solutions at Adenza. "We're honored to receive this recognition from the industry and look forward to continuing to innovate in this space."

ControllerView delivers transparency across the entire data management process, including data sourcing, enrichment, aggregation, pre-processing, validation and reporting. The platform can be seamlessly implemented within the firms' existing architecture and accommodates the data structure they already have in place. ControllerView offers dynamic data lineage capabilities, intuitive user-controlled workflow automation, and dashboards that provide access to data and viability into the entire process.

"Many congratulations to Adenza for winning Best Vendor Solution for FATCA, Best Vendor Solution for NSFR Reporting and Best Data Management Solution for Sell-Side Regulatory Compliance in our inaugural RegTech Insight Awards APAC 2021. It's a real vote of confidence from across our readership of 30,000+ senior technology officers and RegTech specialists, who selected Adenza as the clear winner in a very competitive field," said Andrew Delaney, President and Chief Content Officer of A-Team Group, which hosts the RegTech Insight Awards.

Organized by the A-Team Group, and overseen by the RegTech Award Advisory Board, the RegTech Awards APAC recognize both start-up and established providers of RegTech solutions, services, consultancy and legal advice. Winners are determined by a vote held amongst Data Management Review members at financial institutions using the technologies nominated, providing a true reflection of suppliers who are considered to be the best performers, by their clientele. The 2021 RegTech Awards APAC were presented on October 28, 2021.
