

Why Guildhawk is Creating an Authentic Multilingual Virtual Human Twin for all their People

Guildhawk CEO & Coder Jurga Zilinskiene announced her company is now offering to create an Authentic Multilingual Virtual Human Twin for all her People.

LONDON, LONDON, UNITED KINGDOM, February 10, 2022 /EINPresswire.com/ -- To learn more, [watch the exclusive 1m video](#) and complete news story on the [Guildhawk.com](#)

Jurga Zilinskiene, the remarkable CEO entrepreneur that codes and was

honoured by Queen Elizabeth of England for her services to international trade made a special announcement at Sheffield Hallam University. As guest speaker at the University, where she is the newly appointed Entrepreneur-in-Residence, she told how her company is now offering to

“

The new industrial revolution will create big challenges and amazing opportunities for you because everything will have a digital twin including skyscrapers and you and me – our virtual human twins”

Jurga Zilinskiene MBE

create an Authentic Multilingual Virtual Human Twin for all her People. She also told how to improve results with multilingual big data and the power of [Guildhawk Aided](#), the secure AI-translation software her company created over 8 years.

Her talk, billed '[The secret future of corporate avatars](#)' was attended by academics, students and business leaders and followed by questions and a reception.

In a quick one-minute video and read, she tells of the three big improvements she envisages being created when Guildhawk's multilingual virtual human twins that are used

to create inspiring videos in many languages, start working their magic in the new Metaverse. You also can now watch the complete conversation online at the University website.

Guildhawk CEO and Coder Jurga Zilinskiene MBE says in future everyone will have a digital twin
