The gourmet salt market consists of sales of gourmet salt by entities (organizations, sole traders, and partnerships) that refer to a salt derived from evaporated seawater or mountains with low sodium content and high mineral presence. It is an unrefined high-quality salt differing in flake size, texture, and color. Gourmet salt is used as a seasoning for pretzels, bread, fish, roasted veggies, tomatoes, and fruits. It comes in various forms including Fleur de sel, Sel gris, Himalayan salts, Indian pink salt, Italian salts, and smoked salts.

Global Gourmet Salt Market Trends

Technological advancement is a key trend gaining popularity in the gourmet salt market. According to the gourmet salt market overview, technological advancements include innovating and implementing new production techniques for the generation of gourmet salt with new content making the product, which is rich in quality without harming the environment. Major companies operating in the gourmet salt market are focusing on implementing sophisticated technologies for salt manufacturing to meet the demand for high-quality food-grade salts and gourmet salt. For instance, the European Project MedArtSal, which is focused on developing an innovative solution and providing sustainable actions for Artisanal Salinas was initiated by European Union with a total budget of EUR 3.2 billion (\$3.77 billion), with EU contribution of EUR

2.9 billion (\$3.42 billion).
