quite an honor. Alfredo Mora, a winner of 2 Silver Telly Awards, was overjoyed by the news. Alfred reflected, “And it happened! I did not imagine at 41 years old, in another country, and after almost 15 years of having recorded the Colors of the Rainbow, that a college project would give me one of the greatest joys of my life! Dreaming of the content, producing, recording, editing, animating, and post-producing that video, with just one month of classes at Miami Media School. I was asked to submit my entry on behalf of my school. The education provided by Miami Media School made it possible to create a video as I

dreamed it!”

Please join us in congratulating Alfredo Mora on his two Silver Telly Awards and Sugeily Patxot on his Bronze. This type of competition on a national platform provides an excellent foundation for student and graduate success.
