About The Telly Awards

The Telly Awards are like the “Oscars” to digital and online video content creators. A prestigious judging panel of over 500 accomplished industry professionals, each a past winner of a Silver Telly and a member of The Silver Telly Council, judged the competition, upholding the historical standard of excellence that Telly represents. The Silver Council evaluated entries to recognize distinction in creative work – entries do not compete against each other – rather entries are judged against a high standard of merit. Less than 10% of entries are chosen as winners of the Silver Telly, while approximately 25% of entries are chosen as winners of the Bronze Telly.
