

apetito Go-Live with SoftCoP2P

SoftCo announce successful roll-out of its P2P Automation solution with apetito, the leading European meals provider to the health & social care sectors.

DUBLIN, DUBLIN, IRELAND, July 1, 2022 /EINPresswire.com/ -- SoftCo is delighted to announce the successful roll-out of its cutting edge Procure-to-Pay (P2P) Automation solution with apetito, the leading European meals provider to the health and social care sectors.

SoftCo will provide apetito with end-to-end P2P automation encompassing SoftCo Supplier Portal and e-Procurement through to automated invoice capture, matching and approval. In addition, apetito will be using SoftCo Advanced Analytics, which combines SoftCo real-time reports with Amazon QuickSight Business Intelligence Service to inform and support decision making.

“

With SoftCo's Smart Automation technology we will ensure that not only is our P2P process the best-in-class, but it gives us enhanced capability to meet future growth in our business”

Kevin Rosevere, Head of Finance

SoftCo P2P will be fully integrated with apetito's existing ERP system, SAP.

apetito is renowned for providing delicious, nutritious, and sustainable meals to its customers across care homes, hospital caterers, nurseries, and independent schools in addition to delivering meals to people at home and in care. The company is a world leader in innovation across specialist ranges such as texture modified meals for those who live with swallowing difficulties and is three times

winner of the coveted Queens Award for Enterprise – twice for innovation and once for sustainability.

Commenting, Kevin Rosevere, Head of Finance at apetito said:

“We are delighted to be working with SoftCo to transform our procure-to-pay system and

support efficiency within our business. The project is part of a wider digital transformation across the apetito Group to ensure we continue to harness the power of technical progression. With SoftCo's Smart Automation technology we will ensure that not only is our P2P process the best-in-class, but it gives us enhanced capability to meet future growth in our business".
