GRAND RAPIDS, MICHIGAN, UNITED STATES, August 5, 2022

/EINPresswire.com/ -- [Never Give Up](#) has long held the power to engage, inspire, and evoke the most primal and profound instincts of human emotion. After all, Never give up is probably the first and foremost power of motivation ever given to mankind. Never Give Up is what we were told throughout our lives, by our parents, by storybooks, by teachers, coaches, mentors and colleagues.

Storytelling is crucial for engaging a new generation of dedicated and determined people. Who can forget the wisdom of Coach Taylor in Friday Night Lights? It tackles life lessons, rivalry, leadership, adversity and commitment.

“

One day can't change everything - but everything can change one day  
”

*Mr Never Give Up*

Finding inspiration in the success or remarkable achievements of others is a common way to find motivation to follow through on our goals. For any individual who is battling with an issue in their life,

engaging narratives told by individuals who have been through a similar situation is an extraordinary method for placing everything in context. But when it comes to finding confidence, they take it from those who had actually lived a hard life and never gave up before accomplishing massive success.

[Never Give Up Day](#) encourages associations, charities, the public and private sectors, schools, universities and, more generally, citizens, to make this day a springboard for awareness-raising actions. Watch Video Trailer: <https://www.youtube.com/watch?v=iql7cJPJorw>
