

# Student Woodworking Competition - Entries Open Sept 1st - Win Castle Pocket Cutting Machines

*Castle USA has a new student woodworking contest, "What's Your Angle?". Entries open Sep 1st and will close Nov 15th. Winners announced Dec 15th.*

PETALUMA, CA, USA, August 31, 2022 /EINPresswire.com/ -- Castle USA is introducing a new student woodworking contest, "What's Your Angle?" as part of its [Education Program](#).

Castle USA founder, Max Durney, with a student woodworkers

Long highlighted by offering accredited institutions 15% off of its pocket cutting machines, assembly tables and tooling, the "What's Your Angle" inaugural competition will be open for entries September 1, 2022, and will close November 1, 2022. Winners will be announced December 15, 2022. Contestants will compete in three categories: Individual Student, High School Program/Class, and Secondary or Vo-tech Program/Class. Entry forms and other contest information can be found on the Castle website, by emailing [whatsyourangle@castleusa.com](mailto:whatsyourangle@castleusa.com).

Winning category entries will be awarded a Castle 110 Pocket Cutter, a TSM-12 Pocket Cutting Machine, or the foot-pedal operated, TSM-22 Pocket Cutter, prizes which have MSRPs ranging from \$659.99 to \$4,899.00. "At Castle, the education of future woodworking professionals has long been an area we've supported and encouraged," says Mathias Forsman, CEO. "We wanted to bring attention to our Education Program, so that woodworking programs across the country would be aware of Castle's 15% off program, and also to encourage students and student programs to showcase their work and get rewarded for that."

Entries will be judged based on the overall look and presentation of the project as well as the most effective and innovative use of screw pocket joinery. The judging panel will include Castle founder Max Durney and other Castle staff along with industry professionals.
