

Dry-Cleaning And Laundry Services Market Technology Innovations Are Outpacing Growth

The Business Research Company's Dry-Cleaning And Laundry Services Market 2022 - Opportunities And Strategies – Global Forecast To 2031

LONDON, GREATER LONDON, UK,
October 25, 2022 /EINPresswire.com/ --

Advances in technology are expected to be a key driver of the [dry cleaning and laundry services market](#) in the forecast period. The introduction of technologically advanced Internet of things enabled appliances or smart washing machines by the appliance manufacturers in the market is expected to help laundry services providers to deliver efficient services by saving time and operational costs. For instance, JLA, the UK's leading supplier of commercial washing machines, has launched smart commercial washers. These washers are expected to save one-third of the total costs incurred by reducing energy use by 32% and water consumption by 23%. Technological advances in the laundry industry are expected to drive the dry-cleaning and laundry services market going forward.

<https://www.thebusinessresearchcompany.com/report/dry-cleaning-and-laundry-services-market>

The dry-cleaning and laundry services market size is expected to grow from \$104.20 million in 2021 to \$127.30 million in 2026 at a rate of 4.1%. The dry-cleaning and laundry services market share is then expected to grow at a CAGR of 2.8% from 2026 and reach \$145.80 million in 2031.

The use of cashless self-service laundries or coin-operated laundries and drycleaner machines is growing across the world. This growth is primarily due to the emergence of cards and other alternative electronic payment methods such as Radio Frequency Identification (RFID) contactless credit cards, and Near Field Communication (NFC) enabled mobile wallets that provide a cost-effective alternative to handle cash and are also easy to use. In addition, cashless

laundry machines also provide relief from painstaking cash management in laundries, and secure solutions over cash operated machines, which have to be carefully monitored for thefts. Companies such as Texas Coin And Commercial Laundry and Lone Star Laundromat Services based in Texas, USA are laundry services providers that offer cashless laundry services. For instance, in 2021, Zoom Express Laundry has acknowledged the differences between the old coin-operated business models and the new and emerging demands of today's market to make it simpler for enthusiastic entrepreneurs to begin operating a business that better serves its customers.

Major players covered in the global dry-cleaning and laundry services industry are Aramark, Cintas Corp., Elis SA, UniFirst Corp., Franz Haniel & Cie GMBH.
