

HD Map for Autonomous Vehicles Market to hit US\$ 16.9 Bn by 2030 - Latest Industry Insights by Business Market Insight

The HD Map for Autonomous Vehicles market is expected to hit US\$ 16.9 billion by 2030, recording a CAGR of 31.7% during the forecast period.

NEW YORK, UNITED STATES, November 28, 2022 /EINPresswire.com/ -- The [HD Map for Autonomous Vehicles Market](#) crossed US\$ 1.4 billion in 2022 and is expected to hit US\$ 16.9 billion by 2030, recording a CAGR of 31.7% during the forecast period.

HD Map for Autonomous Vehicles Market

The report titled “HD Map for Autonomous Vehicles Market 2022-2030” has recently been added by Business Market Insights to induce a stronger and more effective business outlook. It provides associate in-depth analysis of the various attributes of the industry, like trends, policies, and customers operational in several geographies. Research analysts use quantitative as well as qualitative analytical techniques to supply users, business owners, and industry professionals with accurate and actionable data. The HD Map for Autonomous Vehicles Market study provides comprehensive data which enhances the understanding, scope, and application during the forecast period 2022-2030.

The Key Players during this market are:

- Aimotive
- Airbiquity Inc.
- Elektrobit
- Green Hills Software
- Luxoft
- Microsoft Corporation

- NVIDIA Corporation
- NXP Semiconductors
- Renesas Electronics Corporation

Analysis of the Top Market Players:

Competition may be a major subject in any marketing research analysis. This is a report provided with the help of the competitive analysis provided the players can simply study key strategies adopted by leading players in the HD Map for Autonomous Vehicles market till 2030. Major and emerging players of the market are closely studied taking into consideration their market share, product portfolio, revenue, sales growth, and other significant factors. This will help players to become familiar with the moves of their top competitors within the market.

HD Map for Autonomous Vehicles Market Segmentation:

Application:

- ADAS and Safety Systems
- Body Control and Comfort Systems
- Powertrain Systems
- Infotainment Systems
- Communication Systems
- Telematics Systems

Vehicle Type:

- Passenger Vehicles
- Commercial Vehicles
- Battery Electric Vehicle (BEV)
- Hybrid Electric Vehicle (HEV)
- Plug-In Hybrid Electric Vehicle (PHEV)

Region:

- North America
- Europe
- Asia Pacific (APAC)
- South & Central America
- Middle East & Africa

Growing adoption of ADAS features in vehicles is enhancing the growth of HD Map for Autonomous Vehicles:

Technological advancement in automotive industry such as self-driving car technology, advanced driver assistance system (ADAS) is contributing to market growth. In addition, the rising demand for advanced safety features such as autonomous emergency braking system, adaptive cruise control, and supportive government regulations are boosting the HD Map for Autonomous Vehicles market growth. ADAS technology significantly reduces complexity in driving with stability

control, upgradation with next-generation vehicles.

Key Highlights of the HD Map for Autonomous Vehicles Market Research Report:

- The report summarizes the HD Map for Autonomous Vehicles Market by stating the basic product definition, applications, product scope, product price and value, supply and demand ratio, and market summery.
- Competitive landscape of all leading key players together with their business strategies, approaches, and latest HD Map for Autonomous Vehicles market movements.
- It elements market feasibility investment, opportunities, growth factors, restraints, market risks, and HD Map for Autonomous Vehicles business driving forces.
- It performs a comprehensive study of emerging players within the HD Map for Autonomous Vehicles business together with the present ones.
- It accomplishes primary and secondary analysis and resources to estimate top products, market size, and industrial partnerships of HD Map for Autonomous Vehicles business.
- HD Map for Autonomous Vehicles market report ends by articulating research findings, data sources, and results, list of dealers, sales channels, businesses, and distributors along with an appendix.

Key Questions | Answered included in Sample Report:

- What will the market size be in 2030 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

We offer clients specialized report services that take into consideration the most variables influencing the development of the worldwide Market. Feel free to call or drop your requirement to get the get customized research report.
