

Estenda Experts Release Primer on Digital Therapeutics

Estenda Experts Release Primer on Building Custom Software for Digital Therapeutics

WAYNE, PENNSYLVANIA, UNITED STATES, March 28, 2023 /EINPresswire.com/ -- Estenda, a leading provider of custom software solutions for the healthcare and medical industries, is

Medications help us lead healthier lives but it's time to move from the physical pill to a digital one.

Improved health and wellness without a pill should be the goal."

RJ Kedziora

proud to announce the release of its new [Digital Therapeutics](#) primer. With over 20 years of experience serving Fortune 500 commercial organizations, healthcare systems, government agencies, and startups particularly digital therapeutics companies, Estenda is in an excellent position to share our knowledge and experience.

Digital Therapeutic (DTx) solutions are the next wave of healthcare solutions. To transition from sick care to value-based care the industry needs to embrace scalable, cost-effective patient-focused solutions. RJ Kedziora, the co-

founder, said "Medications help us lead healthier lives but it's time to move from the physical pill to a digital one. Improved health and wellness without a pill should be the goal." Digital Therapeutics is the best way to provide that solution.

The primer provides an overview of Digital Therapeutics, insights into regulations including cybersecurity, discusses opportunities and challenges in reimbursement, ideas around accessibility and equity, and the future of DTx.
