

TYMO Introduces the New AIRHYPE Hair Dryer: Designed Specifically for Curly Hair

SACRAMENTO, CALIFORNIA, UNITED STATES, March 29, 2023

/EINPresswire.com/ -- TYMO, a leading hair care brand, announces the release of their latest innovation, the [TYMO AIRHYPE](#) high-speed hair dryer.

Specially designed for curly-haired individuals, this professional hair dryer provides a fast drying experience, quiet operation, and versatile styling options with its three magnetic attachments.

The TYMO AIRHYPE features a powerful 110,000 RPM brushless motor that delivers a strong airflow for an ultra-fast drying experience. Its compact design ensures comfortable use, making it perfect for professionals and home users alike. With a low noise level of just 69 dB, users can enjoy a peaceful styling experience without disturbing their family or roommates, making it ideal for early morning routines.

This high-speed hair dryer comes with three magnetic attachments - a smoothing nozzle, a comb nozzle, and an adjustable diffuser with prongs that can be moved up and down to suit different drying needs, making it perfect for curly hair. The smart T-Sensor monitors the heat output, providing even and precise heat, reducing the risk of hair damage from high heat.

The TYMO AIRHYPE hair dryer produces millions of negative ions during the drying process, helping hair stay silky without frizz, giving a salon-quality finish every time. With four heat settings (Room Temperature/140°/180°/210°) and three-speed settings (Gentle/Medium/Fast), the TYMO hair dryer allows users to customize drying experience. Its HD LCD display makes it easy to adjust the settings to suit different hair types.

The TYMO AIRHYPE hair dryer boasts a sleek and visually appealing design that is both stylish and functional. Its minimalist, modern aesthetic features clean lines and a matte finish, making it a visually striking addition to any bathroom or vanity space.

The importance of choosing the right hair dryer for specific hair types cannot be overstated. With the TYMO AIRHYPE hair dryer, users can achieve salon-worthy results while protecting the health of their hair. In the long run, selecting the right hair dryer not only saves time but also promotes healthier, more beautiful hair that users can confidently flaunt every day.
