Following a tradition of incorporating philanthropy into ELYSIAN events, a fundraiser was held to

benefit the Center for Family Services of Palm Beach County, whose mission is to strengthen women, children and families through behavioral health services and education.

The centerpiece of ELYSIAN's En Blanc celebration was the unveiling of the Summer 2023 issue. Award-winning designer Ryan Stalvey, ELYSIAN's creator-in-chief, developed the entire aesthetic of this issue to match the En Blanc theme.

The issue features a stunning, white-themed wedding in Santorini, Greece; a Betty White biography; a white collection by fashion designer Dana Harel; milk baths; all-white gardens; the use of white in interior design and in art; and philanthropy efforts around the Fond Blanc Foundation, which has been helping an orphanage and small community in Haiti.

"The En Blanc issue is dedicated to the innovative spirit – to the well of imagination our curiosity drives us to, and to the manifestation of our creativity that springs forth," ELYSIAN Publisher Karen Floyd said. "Ryan's aesthetic is truly breathtaking, and the partnerships we have with the Fischers, Discover SC and Dr. Christina Rahm are invaluable."
