

Oregon Entrepreneur Marinela Dragan Creates a Stir in the Baking Industry with Her Brand New SteamBowl Invention

GLADSTONE, OREGON, UNITED STATES, June 2, 2023

/EINPresswire.com/ -- Award winning entrepreneur [Marinela Dragan](#) of family-owned Dragan Concepts LLC, has developed an ingenious new product, the [SteamBowl™](#), that will make things easier in the kitchen for everyone in the baking and restaurant industry. Also, this innovative product will be a welcome addition to those home baking chefs who love to make tasty desserts.

The SteamBowl™ is a double-boiler attachment. The patented design eliminates the need for continuous stirring over a hot stove. Simply add ingredients to the SteamBowl™ double boiler, attach it to the mixer, and let it do the work. SteamBowl™ cooks the ingredients with steam. It is just that easy!

The SteamBowl™ will quickly become the go-to appliance to keep handy in every kitchen. It is essential for heating temperature sensitive ingredients that require gentle, indirect heat. According to curator Marinela, "It is ideal for preparing creams, frostings, sauces, melting chocolates, cheeses, and much more!"
