FireRing Studio logo

Alone in an abandoned village, the player no longer know what's real, only that his ammo is running out and terrible mutants are approaching from all directions, his only alternative is: kill, run or die.

“

Deadly Rain is a frenetic and immersive FPS survival horror experience, please enjoy!”

*Game Developer and FireRing
Studio founder Gabriel
Jacintho*

The year was 1954, the Soviet totalitarian regime needed a weapon capable of distorting reality and spreading fear and panic to non-state supporters, it was then that the Fear project began. Years later, nuclear power plants were built to infect the skies and spread the hallucinogenic material through the rain, now all the player needs to do is try to survive hell...

Features

- * Hordes of mutants growing bigger and stronger.

- * Unlockable areas with keys hidden across the map.
- * Health recoverable only with the use of syringes.
- * Atmospheric open world of a toxic, abandoned village.
- * Resource management.
- * +13 different weapons (including melee weapons).
- * High replayability.

Deadly Rain will be available on [Steam](#) on October 6th priced at \$19.99, wishlist now. For more information about Deadly Rain, please visit <https://fireringstudio.com/deadlyrain>.
