KSN Managing Partner Ryan Shpritz: “Board members are faced with challenging responsibilities. They are volunteers tasked with managing multi-million dollar communities surrounded by their neighbors. For most owners, a home or [condo](#) is their largest investment. Managing these associations involves creating budgets, working with vendors, obtaining insurance coverage, owner disputes, addressing legal issues, and other day-to-day concerns.

I’m thrilled to announce the launch of Brainy Board; a pioneering streaming service created specifically for board members across condominiums, HOAs, and townhome associations. Brainy Board delivers a wealth of knowledge as a great resource to assist board members throughout the country. This innovative platform stands as a testament to KSN’s dedication and commitment to empowering board members and advancing education in the field of community association law.”

Brainy Board streaming service summary:
