

Logistics Plus is Named a 2024 Top 100 Logistics & Supply Chain Technology Provider

It's the second straight year that Logistics Plus has been named to the annual Inbound Logistics magazine list.

ERIE, PA, UNITED STATES, April 23, 2024

[/EINPresswire.com/](https://EINPresswire.com/) -- Logistics Plus,

Inc. (LP), a global leader in transportation, logistics, and unique supply chain solutions, is proud to announce that it has been named a

[Top 100 Logistics & Supply Chain Technology Provider for 2024](#) by

Inbound Logistics magazine. The list,

curated annually by the editors of Inbound Logistics, recognizes 100 logistics companies whose solutions are central to solving transportation, logistics, and supply chain challenges and whose customer successes are well-documented.

“

The editorial selection committee had their work cut out for them ... ultimately selecting only 100 technology solutions leaders from the 400+ candidates who submitted their credentials.”

Felecia Stratton

"The editorial selection committee had their work cut out for them, especially with all the new entrants and solutions in the market, ultimately selecting only 100 technology solutions leaders from the 400+ candidates who submitted their credentials," said Felecia Stratton, Editor for Inbound Logistics. "Our Top 100 list provides crucial decision support for our audience, all the more important this year considering the need and the innovations coming online."

The Top 100 Logistics IT Providers list appears in all the April 2024 magazine editions and will be posted online and promoted across the various Inbound Logistics media

platforms. View the list online at <https://www.inboundlogistics.com/articles/top-100-logistics-it-providers/> or read the April 2024 digital edition of Inbound Logistics at <https://www.inboundlogistics.com/digital-editions/>.

The world keeps changing, and businesses need world-class technology to meet their growing

demands. MyLogisticsPlus™ is an example of a powerful Logistics Plus custom-built portal personalized to meet all of a business's integration, order processing, transportation management, invoicing, and reporting requirements.
