

# Resecurity Showcased AI-Powered Cybersecurity Solutions at GISEC 2024

LOS ANGELES, CALIFORNIA, UNITED STATES OF AMERICA, April 26, 2024 /EINPresswire.com/ -- Resecurity (USA), a global cybersecurity solutions provider protecting major Fortune 100 corporations and government agencies worldwide, is thrilled to announce its participation in GISEC 2024, the premier cybersecurity event in the Middle East and Africa. The event, scheduled from April 23 to 25, 2024, at the Dubai World Trade Centre, brought together industry leaders, government officials, and cybersecurity experts from around the globe.

GISEC Global is a nexus for the cybersecurity community, facilitating crucial discussions, showcasing innovative technologies, and fostering collaborations to address the evolving cybersecurity landscape. With over 750 brands set to exhibit and an expected audience of more than 20,000 attendees from 130+ countries, GISEC 2024 promises to be an unparalleled gathering of cybersecurity stakeholders.

As part of the event's Expert Session, Mr. Ahmad Halabi (Managing Director, MENA) will deliver a keynote address titled "Artificial Intelligence (AI) for C4ISR - Power of Context." The session will explore Resecurity's groundbreaking use of AI to enhance national security measures, focusing on dark web monitoring, botnet intelligence, and real-time threat detection. Attendees can also look forward to a live demonstration of Resecurity® CONTEXT AI accelerating cyber threat intelligence and augmenting analyst workflow using Generative AI and specialized Large Language Models (LLMs).

Mr. Ahmad Halabi commented, "GISEC 2024 provides a unique platform for cybersecurity thought leaders to exchange insights, explore emerging trends, and collaborate on strategies to fortify our digital defenses. We are proud to contribute to this vital conversation and demonstrate how our solution empower organizations to stay ahead of cyber threats. Resecurity is using cutting-edge AI and adopt tools to reinvent how intelligence is collected, analyzed,

produced, disseminated, and evaluated."

Resecurity invited all GISEC 2024 attendees to visit their Booth B-84, Hall 6 to learn more about their innovative cybersecurity offerings and witness firsthand the power of Artificial Intelligence (AI) in safeguarding critical assets against cyber threats.
