

# Infinity by Satoshi Kurosaki Wins Bronze in A' Architecture Awards

*Satoshi Kurosaki's Infinity Residence Recognized for Exceptional Design in A' Architecture, Building and Structure Design Category*

COMO, CO, ITALY, October 1, 2024 /EINPresswire.com/ -- The A' Design Award, a highly respected and well-recognized award in the field of [architecture](#) design, has announced Infinity by [Satoshi Kurosaki](#) as the Bronze winner in the Architecture, Building and Structure Design category. This prestigious recognition highlights the exceptional design and innovation of the Infinity residence, showcasing Satoshi Kurosaki's skill and dedication in the field of architecture.

The A' Architecture, Building and Structure Design Award is highly relevant to the industry and potential clients, as it recognizes designs that demonstrate outstanding creativity, practicality, and alignment with current trends and needs. By winning this award, Infinity serves as a benchmark for excellence in residential architecture, inspiring both professionals and enthusiasts alike. The recognition also underscores the practical benefits of innovative design in enhancing the quality of life for occupants and advancing industry standards.

Infinity is a weekend and vacation home situated in the mountainous region of northern Okinawa, Japan, known as Gushiku Mui. The residence showcases a harmonious blend of natural elements and modern design, with sweeping views of the ocean and mountains. The living, dining, and kitchen areas span the full width of the property, featuring a jacuzzi bathroom with outdoor views. An infinity pool seamlessly merges with the surrounding landscape, while the second floor offers private rooms and a full-width balcony with an outdoor jacuzzi. The rooftop

Infinity

terrace, accessible via an exterior staircase, provides 360-degree views of the stunning surroundings.

The recognition of Infinity by the A' Architecture, Building and Structure Design Award serves as a testament to Satoshi Kurosaki's commitment to pushing the boundaries of residential design. This achievement is expected to inspire future projects and contribute to the ongoing evolution of architecture in response to changing lifestyles and work patterns. As remote work becomes increasingly common, the concept of a multi-purpose "public home" that serves as a residence, office, hotel, and gallery may become more prevalent, and Infinity stands as a pioneering example of this approach.

#### About Bronze A' Design Award

The Bronze A' Design Award recognizes outstanding designs that demonstrate a high level of creativity, practicality, and potential to positively influence industry standards. The award acknowledges the skill and dedication of designers who create works that stand out for their thoughtful development and innovative use of materials and technology. Winning designs in the Architecture, Building and Structure Design category are evaluated based on criteria such as innovative use of space, structural integrity, aesthetic appeal, environmental impact, functional efficiency, material selection, technological integration, social relevance, cultural sensitivity, economic viability, design originality, user comfort, energy efficiency, adaptability to change, use of natural light, spatial harmony, safety measures, accessibility considerations, and resilience to weather.

#### About A' Design Award

The A' Design Award is an international, juried design competition organized annually since 2008 across all industries, with participation open to entries from all countries. The A' Architecture, Building and Structure Design Award is a highly esteemed category within the competition, attracting a diverse range of participants, including renowned architects, engineering firms, construction companies, and influential brands. By taking part in this prestigious award, entrants have the opportunity to showcase their design vision, gain global recognition, and be acknowledged for their exceptional architecture and structure design skills. The ultimate aim of the A' Design Award is to recognize and promote superior products and projects that advance and benefit society, driven by a philanthropic mission to create a better world through the power of good design.
