

Excellence Canada Announces 2024 Canada's Healthy Workplace Month Great Employers Award Winners

Eleven Canadian Organizations Leading the Way in Building Healthy, Safe, and Supportive Work Environments

TORONTO, ONTARIO, CANADA,
December 19, 2024 /

EINPresswire.com/ -- [Excellence Canada](#) is proud to announce the recipients of the 2024 [Canada's Healthy Workplace Month Great Employers Award](#). This award recognize organizations that commit to excellence in workplace health and safety by adopting innovative and comprehensive approaches to employee well-being.

This year's award-winning organizations have demonstrated their leadership in creating physically and psychologically healthy and welcoming environments. Their dedication is reflected in efforts to excel across four pillars of workplace wellness:

Healthy Lifestyles

These employers support initiatives that empower employees to maintain healthy lifestyles. From promoting balanced nutrition and regular physical activity to supporting the elimination of risky health behaviors, they prioritize well-being at the core of their workplace culture.

Mental Health & Workplace Culture

A strong culture of trust, fairness, diversity, and inclusion is key in these organizations. By fostering psychological safety and prioritizing mental health, they ensure employees feel supported and valued, promoting open communication and positive relationships.

Physical Environment

Recognizing the importance of safety, these employers create secure workspaces that minimize physical risks and support employees' overall health. Rigorous health and safety measures address the evolving needs of modern workplaces, ensuring long-term employee well-being.

Corporate Social Responsibility (CSR)

These organizations go beyond the workplace, recognizing the link between employee wellness, community engagement, and organizational performance. By implementing and supporting employee involvement in CSR initiatives, they enhance lives both within and beyond their organizations.

"The submissions from these organizations reflect a true commitment to fostering and sustaining healthy workplaces," said Sean Slater, President of Excellence Canada. "The adjudication panel was deeply impressed by their efforts. In busy and challenging times, their dedication to creating safe, inclusive, and supportive environments is even more inspiring."

For over 25 years, Excellence Canada has celebrated Canada's Healthy Workplace Month and the Great Employers Award. The recognized organizations not only drive employee engagement and productivity but also demonstrate the vital role corporate responsibility plays in building resilient communities.
