Addressing the Growing Demand for Class B RV Lifestyle

Over recent years, Class B RVs have grown exponentially in popularity, capturing the hearts of adventurers and retirees. Known for their sleek, compact design and ability to comfortably take on everything from winding mountain roads to endless coastal highways, these mobile homes offer the perfect balance of wanderlust and practicality.

Simple Life’s offering builds on the growing convenience these RVs provide, allowing residents to park their adventure vehicles directly next to their homes. This eliminates the hassle and expense of off-site RV storage, giving homeowners the flexibility to set off on a whim for their next excursion while also offering peace of mind.

Transforming the RV Lifestyle

By providing homeowners the ability to park their Class B RVs at their homes, Simple Life has removed common obstacles faced by RV enthusiasts, such as storage fees and maintenance challenges. With an RV always close by, residents enjoy:

- Immediate access for spontaneous trips.
- Time-saving and cost-effective maintenance opportunities, like checking tire pressure or topping off fluids.
- Having your class B on a full charge while at your home.
- Enables easy cleaning for pre and post-road trips
- Added security and peace of mind knowing their RV is protected at home, rather than in a distant storage facility.

A Lifestyle of Exploration and Comfort

For many retirees downsizing to a small home, this offering is a game-changer. It provides a unique opportunity to enjoy a minimalist lifestyle while keeping the spirit of adventure alive. Residents like Jodi, from Lakeshore, have expressed how parking their RV close to home has transformed their travel experience.

"I find myself taking so many more short or unplanned trips," Jodi shared. "It's just so easy to jump in and go." With the burdens of off-site storage removed, Jodi has embraced a lifestyle of freedom and spontaneity, making the most of every opportunity for adventure.

A Seamless Transition from Home to the Open Road

Ensuring an effortless transition to this new lifestyle, Simple Life emphasizes key considerations for setting up Class B RV parking at home:

- Community Regulations: Residents are advised to check with our Sales Manager to ensure the home they purchase is internally permitted to park their Class B at the home.
- Dedicated Space: Ensures that RVs are safely and securely parked.
