

WOW24-7 Earns Key Certifications, Strengthening Quality and Security Standards

AFTON, WY, UNITED STATES, January 21, 2025 /EINPresswire.com/ -- WOW24-7, a leading provider of customer support outsourcing services, is proud to announce its achievement of three important certifications that underscore the company's commitment to data protection and information security management.

These certifications are a testament to our continuous efforts to provide exceptional data protection and information security,"

Denys Dubner

- ISO 9001:2015 Certification

This certification recognizes WOW24-7's dedication to maintaining a high standard of quality management systems. This certification assures clients of WOW24-7's ability to consistently provide services that meet customer and regulatory requirements.

- ISO/IEC 27001:2022 Certification

WOW24-7 achieved this certification for its advanced

information security management systems. This certification demonstrates WOW24-7's commitment to protecting sensitive information and providing the confidentiality, integrity, and availability of data.

- PCI DSS

In addition to these ISO certifications, WOW24-7 has received the Attestation of Compliance for Self-Assessment Questionnaire D, in line with PCI DSS Version 4.0. This attestation confirms the company's adherence to stringent data security standards necessary for handling payment card information, providing a secure environment for clients and their customers.

"These certifications are a testament to our continuous efforts to provide exceptional data protection and information security," said Denys Dubner, CEO of WOW24-7. "We are committed to upholding the highest standards to meet the needs of our clients and ensure their trust in our capabilities."
